FINE FURNITURE DIRECT. In presenting our furniture to you by means of this Catalogue we hope to make of you a firm friend for years to come. You can buy furniture from our Catalogue thousands of miles away just as safely as from our Salesroom floor in Grand Rapids, where you will be a welcome guest should you visit the "Furniture City." Space is annihilated in this progressive age, and we feel as near to you as though you were within the range of vision and voice.

Those who have had experience with us will tell you how safely and easily you can come to us for good furniture values and advice.

We aim to make everything clear in this Catalogue, and you will find no article not worthy all we say of it. If there is anything you want to know, or do not understand, your communications will receive our best attention.

WE WHO KNOW FURNITURE TO YOU WHO USE FURNITURE. We will make a study of your wishes and give you the full benefit of trained taste and skill in the selection or creation of furniture for you. We expect to make a life-long friend and patron of every purchaser, and the treatment we will give you will warrant this expectation.

WHAT WE WILL DO. We agree to supply you with furniture better in style, better in finish, better in workmanship, better in everything that marks that high degree of excellence for which Grand Rapids Furniture is noted, than you will buy elsewhere, and at less price. If you will just think a bit of your saving of profits and expenses that are added when furniture is handled by Middlemen, this will seem reasonable to you.

HOW WE WILL DO IT. You have through us the benefit of artistic Designers, Artisans skilled in every branch of furniture making and finishing, and a business organization based upon modern money saving principals. These are the results of years' devotion and study in the manufacturing of fine furniture. We sell for cash and the volume of business done justifies us in asking only the minimum profit. It would not help us more to sell our entire output to one dealer than to fifty thousand users at the same price. We save the salaries and expenses of traveling men, the expenses and profits of the Dealer, Agent and Middle-man. We save all the loss from bad debts, which is a larger item than is ever made known.

GREAT EXPENSE OF OLD WAY. When the travelers' salary and expenses, the Dealers', Agents' or Middle-man's expenses and profits, and the loss from bad debts, are footed up they will often times amount to nearly as much as the cost of making, and of course the consumer, or the last one to get the goods, must pay for all this.

YOUR SAVING is clearly shown under each article by a comparison of the retail values with our "Direct Profit-Saving prices."

QUALITY

HE making of fine furniture is a high art. We, who know furniture, know the value of artistic taste in designing, skill and care in every detail in making and finishing. We add much to the cost of our furniture in these. You, who use it, get the benefit in styles and qualities that will please and wear better, and, on our profit saving plan, at a lower price than the ordinary furniture that "looks something like it." Every piece of our furniture is guaranteed to be the best in style, material, workmanship, and finish in its class. Our grades run from good medium furniture, which will cost you less than "cheap" furniture elsewhere, up to the finest known to the art. We do not add a large profit to the higher grades as is customary, and commend them to you especially. You will be surprised to learn how fine furniture you can buy on our profit saving plan at moderate prices.

The best evidence that BISHOP FURNITURE CO. can please you and save you money is the unsolicited testimonials from thousands of our satisfied customers throughout the United States who have learned how they can come to us for their furniture requirements (regardless of distance) with perfect confidence, knowing that they will not only get the latest styles, but reliable workmanship and finish and a saving of at least one-third from retail prices. We have room in our catalogue for only a few of our customers' letters.

OUR GUARANTEE

WE WARRANT every piece of our furniture to be the best in style, material, workmanship, and finish in its class. We guarantee to save you money. We ship on these conditions anywhere *freight prepaid* as stated on page 3, and if, after you have had our furniture set up in your home five days, you are not convinced that it is all we say, and that you have saved money, it may be returned to us at our expense, and we will return your money. We feel that our fine furniture and fair dealings have made us not only well, but favorably known throughout the United States, and references are almost unnecessary. For the benefit, however, of anyone not acquainted with our goods and methods we publish the following letter and refer you to the bank signing it:

To whom it may concern.

"We are personally acquainted with the Bishop Furniture Co., who have one of the finest establishments in Grand Rapids. They enjoy a large local as well as foreign trade. We consider them honest, upright and thoroughly reliable. We think anyone perfectly safe in sending cash with order.

Terms and Conditions of Shipment

OUR TERMS are cash. Our prices are made on a cash basis and we sell no other way. If necessary it would pay you to borrow money and benefit by our profit saving plan. If money accompanies the order **you save** the charges made by bank or express company for collecting and returning money, and the *discount or difference in price* as given under each article in catalogue. The goods are shipped direct to you (freight prepaid as stated below), and if not satisfactory after being set up in your home five days, we will return the money and have the goods returned to us at our expense. When C. O. D. shipments are made we ship in our name, attaching shipping bill to invoice and collect through any bank or express agent you name.

We always ship (freight paid as stated below) subject to five days inspection in your home, and if not satisfactory we will take back the goods and return your money.

A letter will go to you when shipment is made, advising you thereof, enclosing shipping receipt if cash accompanies order, and stating the bank or express office where papers are sent if it is a C. O. D. shipment.

We accept the responsibility for all damage to goods in transit, guaranteeing safe delivery.

WHEN ORDERING give the name and number of each article as it appears in catalogue, and if there are different sizes, finishes or trimmings in one description, be sure to state the ones you want. If you do not give shipping route or bank or express company, we will use our best judgment.

Do not fail to write your name and address plainly.

in Our
Sectional
Bookcases

Finished in a rich Golden shade with piano polish or dull finish, Weathered, Flemish or Antwerp if desired.

LADIES WILL APPRECIATE the great advantage of removable Doors for cleaning and washing the glass. No possible soiling of books. A broken glass can easily be replaced without taking the case apart or removing the books.

Probably no line of Furniture has sprung into favor so quickly as Sectional Bookcases, and yet it is easily explained, as the expansion system is almost a necessity to accommodate the accumulating books. As this condition arises, an additional section is purchased at slight cost and the Bookcase grows with your library and meets your requirements.

Supposing that in the near future you may wish to purchase a Bookcase, we have little doubt you will decide on the Sectional System. There are several makes on the market and all are about the same price, therefore MERIT is the main consideration.

ALL OF THE OBJECTIONABLE FEATURES, such as iron bands on the sides and shelves projecting between the doors have been overcome in our Sectional system. In this system while of necessity built of sections, they are so nicely joined together that the outward appearance is that of a solid handsome piece of furniture, and an ornament to any room.

THE DOORS OPERATE ON ROLLER BEARINGS and cannot possibly bind. This ingenious device allows the door to be operated with a single knob, leaving ONE HAND FREE for removing or replacing books.

This is the ONLY SYSTEM in which a glass can be replaced by simply unhooking the door. In all other makes the books must be removed and the case taken apart.

As to the quality of lumber, cabinet work and finish, we have but to inform you that it is made in GRAND RAPIDS, and bears the name of "DISHOP."

No. 3585 Dresser

Quartered Oak or Mahogany

This "advance style" Dresser with triplicate Mirrors is one of our latest designs and we are confident it will be sought with keen appreciation by those who value the latest productions in artistic furniture. Never before has such an excellent Dresser, of such pleasing design, been placed on the market at so low a price. This Dresser would cost you from \$75.00 to \$85.00 if bought elsewhere than from our Furniture headquarters. The front forms a graceful serpentine swell and the bottom is trimmed with a band of veneer laid crosswise, and a small but select carving. The Drawers are fitted with solid brass handles of Colonial design and each is fitted with a superior lock. The outside Mirrors may be swung into any position desired and will be found very convenient for dressing the hair, etc. All Mirrors are heavy French bevel plates. The bottoms of the spacious drawers are shellaced and varnished. The center Mirror is 44x18" and the outside Mirrors 33x10". Length 48". Width 21". Our tremendous sales make it possible to sell at astonishingly low prices.

A unique design of rare quality and beauty. All stock used is selected for fine grain effects and the entire surface is given a piano polish finish. The Mirror is long enough to get a full length view and may be inclined to any angle and there held in place by the solid brass swivels supporting it. The Bishop policy is not how cheap can we offer furniture but how good, how exclusive, how clever can it be made; nevertheless our prices are no higher than those asked elsewhere for the common sort. Gentlemen—Perhaps how I happened to send for your catalogue would interest you. A friend of mine, Mr. C. D. Haynes, in this city recently bought some goods of you and after receiving them was so well pleased with them that I became interested. No. 3594 "Bishop" Cotton Felt Mattress

"The Best is none too good." Our Cotton Felt Mattress is made up of thick layers of clean, white cotton and is positively guaranteed not to mat or get lumpy. Many Mattresses placed on the market as felted cotton have never been felted, but are made of sweepings from cotton mills, etc., or of picked cotton, which, after it has been used a short time breaks up in lumps, and makes an uneven Mattress. Ours, however, is thoroughly felted and made up in a manner that will insure years of perfect service. We have never yet had one returned on account of quality. A binding guarantee is sewed on each Mattress and after it has been used 60 days, if it is not all we claim it is, and you do not feel that you have saved money, you may return it at our expense and your remittance will be returned. We know of no stronger guarantee than this; if we did we would not hesitate to give it. Our Cotton Felt Mattresses are all 40 pounds in weight and are covered with best satin finish ticking. Guaranteed moisture proof and vermin proof. We also make this Mattress in two pieces for convenience in handling. Worth \$16.00 at retail.

Our Reed Rockers for comfort, durability and appearance are equal to the highest priced goods on the market. We fear a good many people will hesitate to buy these Rockers on account of the low prices, which would indicate that they are cheaply made and finished, but this is not a fact. Reed Furniture

Reed Rockers as a general thing are made with weak, squeaky frames—ours are not. We use a hardwood frame throughout, strongly mortised at the joints and they will never work loose or squeak. The Reeds are Imported stock of the very finest quality, and the Rattan stock used in winding the spindles, legs, etc., is heavy, tough stock which imparts additional strength to the frame. They are finished either in the natural color or with a shellac finish, which makes them a trifle darker in color. Our styles are artistic, our quality the best and our prices the lowest. Before purchasing a Reed Rocker it will pay, and pay you well, to compare our prices with those of other manufacturers and dealers.

Mission or Den Chairs

Quartered Oak

We have had so many calls for Plain Mission or Den Chairs, we now offer them made in Flemish, Weathered and Golden Oak, with Spanish Leather seats. We have designed this Suite and are quoting it at much lower prices than Chairs of similar style and equal quality have ever before sold for.

The frames are made of Quartered Oak with a rich natural grain and finished in Flemish, Weathered or Golden Oak. The Spanish Leather seats are held in place by large oxidized nails in perfect keeping with the rest of the design. These are made strong to stand years of hard usage. Unlike most furniture of this kind, they are very comfortable. Furniture of this character is rarely carried in retail stores, because after the retail profit is added the prices are entirely beyond the ordinary purchaser.

No. 3592 Rocker, Mission Style

Quartered Oak

Golden, Weathered or Flemish finish. Some time since we ran across this quaint old Rocker, from which time had not erased the marks of the "hand plane" and "draw shave" the crude tools with which it was made. Attracted by its simplicity, its air of serenity and permanence, its genuine comfort, we have reproduced the design confident it will be appreciated by lovers of furniture in the "hand-made class," when this would have cost \$15.00 to \$20.00, but by modern methods, expert workmen and improved machinery we are enabled to make it possibly better at one-half its original cost.

To insure the long life this design merits, we have reinforced the seat and back in the most substantial manner and upholstered it with "Texoderm," a recent production hardly distinguishable from leather, but possessing even better wearing qualities. We have made an extremely low price as follows:

Points Well Worth Considering

The Patent Morris Chair with Adjustable Foot Rest attachment is shown in the accompanying illustration. The backs of our Morris Chairs made with Patent Foot Rest attachments are constructed so there is a swell in the Chair which fits into the hollow of the back, a hollow for the shoulders to fit into, and another curve for a head-rest. These Chairs are by far the most comfortable that have ever been produced. We would be glad to ship any of them subject to five days' examination and approval. The illustrated Chair shows back lowered to third position.

Gentlemen—Would you kindly advise me by return mail as to when (or how soon) you can duplicate my order for a Morris chair of last month. We are delighted with our chair, and if you can or will be able to fill another order on short notice, I think I can give you another order. Hoping to get an early and favorable reply, I remain,

Yours respectfully,

CHAS. L. WETTIG.

Gentlemen—I received the two reed rockers and the half dozen dining room chairs. I am very well satisfied with my bargain; they arrived in good shape.

I am sending you another order for one kitchen cabinet and one reed rocker. You will kindly favor us with a couple catalogues for some of my friends. You will find enclosed P. O. order for \$10.03.

Hoping you will kindly favor me with the earliest shipment possible, I remain,
Yours truly,

Gentlemen—Well, I guess you are ahead one dresser. My father lives at Montmorenci, Ind., and when the dresser got there, he took it home and unpacked it and liked it so well, I received a letter from him today saying we could order another or he would for us, and he would keep the dresser; so enclosed find check for another dresser. Pick us out a good one and ship as soon as you possibly can.

Gentlemen—Last year I bought of you one corner china closet, canopy top, golden oak, swell ends; cost \$27.25. A son living in Indian Territory likes it so well he wishes to buy one like it, if you will guarantee safe delivery, as you did me. If you will please send him your catalogue with terms to Dr. E. Pleas, Oolagah, I. T., and oblige.

Yours truly,

SARAH A. PLEAS.

Gentlemen—The hall tree arrived the day I wrote you in regard to it. We are very much pleased with it. It is all you represented it to be and was purchased at a very much more reasonable price than we could purchase here.

Gentlemen—I received your Morris chair O. K. and am well pleased with it. I think I have done you some good in Latrobe; have had several people examine the furniture and express themselves as being satisfied. A Mr. McCarty told me he would mail you an order for a dining room set and a rocker.

Yours truly,

Gentlemen—The music cabinet has arrived and I was so pleased with it that I just had to tell you about it. It just suits my taste. It was here just in time for my birthday, and as I entertained that day it gave me a good chance to show it to my friends and every one that saw it said it was the prettiest they had seen. If there is anything I need in the future you will hear from me.

Respectfully,

MRS. W. E. WAHL.
